FARMVILLE.

Our people have again had the honor of entertaining the representatives of the Dark Tobacco Association of this district and no finer body of Virginians ever met together to consider any question of public or private concern. Good feeling prevailed, wise counsel, and our farmer friends are to be congratulated on the success which has already crowned their efforts in this regard—when the tillers of the soil touch elbows in a righteous cause they are invincible, and this is just as it should be. No breath of suspicion attaches to this movement as there is'nt the semblance of politics in it. No member wants to go to Congress nor to the Legislature. The one object is to get living returns for hard and honest labor. The best wishes of all good people attend them.

The "oldest inhabitant" fails to recall more delightful January weather. The birds have been singing in our tree tops and the school girls have been flitting about in the sun-shine without wraps or head gear.

Unless we are yet to have winter this is a good time for inaugurating an ice plant in our town. There is said to be money in it and Farmville wants all the money it can get our of a legitimate business.

President Jarman has been in Richmond looking after the interest's of the Normal and they are not going to suffer in his hands. He has friends the State over who can be relied on to rally about the standard he bears, and then the cause he represents appeals to the manhood and chivalry of Virginia and they have never yet been found wanting.

The town cart and mule are doing noble work. The machine moves slowly but keeps on moving, the result being that our streets are kept reasonably clean. Some years ago drays were hired now and then to do this service but it was done spasmodically and badly.

In last week's Religious Herald there was grateful acknowledgment from Rev. Mr. Macfarland, pastor of the Baptist church for a generous "pounding" which was administered to him and his during the glad Christmas time.

Religion has "a promise of the life that now is as well as that which is to come." Rev. Mr. Hutchen, pastor of the Methodist church, in a recent sermon told the young men how to select a wife. He had an overflow audience and emphasized the fact that the first requisite should be "good women."

To coin a here pointing in, and prices have been excellent. Farmers grow-touch has meant something.

The Randolph Hotel looks well in a new coat of paint. Mrs. G Blum is now in charge and knows how to keep a hotel.

If all the little stop wearing hats as the Normal girls have done, the in-fancy diseases will fall into "innocuous desuetude."

Of course our people heard the Rev. Mr. Winn "gladly" on last Sunday when he occupied the pulpit of the Methodist church in the morning and preached the baccalaureate sermon before the graduates of the Normal in the Auditorium in the evening.

President Jarman in one of his recent morning talks to the Normal girls, reminded them that this was January and not July. We rarely enjoy better weather for "catching cold." Some of our advanced gardeners are ready with lettuce and radishes.

The servant-girl problem deepens in Farmville. House work is being done by house holders and heads of families. Anglo Saxons are not to be conquered on any field and as the house servants go household conveniences will come to the front.

The familiar form of Dr. Kevan-bet is missed from our streets.

The new livery stable is well on the go.

When tobacco on our warehouse floors begins to reach the twenty dollar mark excitement runs high. Prosperous farmers mean prosperous communities.

Farmville's new babies are growing grandly and mamas and papas are all smiles.

The "Tacky party" at the skating rink was a brilliant success.

Our warehousemen are "busy to the brim" No eight-hour-day system with them.

Spring prints are blooming out in the windows of N. B. Davidson but veteran salesman, E. L. Ermbert is still selling winter suits and overcoats.

Soap was never so cheap—a dozen cakes for 18 cents is the rule at one of our stores. Our fine market is improving.

Prospective land buyers are still in evidence.

A "Chaffing Dish" organization has just been inaugurated in our town. Mrs. Dr. Grute will be the first to entertain.

Violets and carnations are to be seen in our churches "None but the rich," or young men whose hearts turn to love, can afford them

The doors of the dispensary close at sun-down, but never fail to do good day's work.

Messrs. Watkins, Brock & Thompson appeared in the Court of Appeals one day last week. The case went up from Nottoway.

Mr. R. L. Blanton, who lives near Stoddert in Cumberland County, sent one turkey to the Bellwood farm in Chesterfield County the other day for which he got $20. I was a wild turkey and I have been wondering how he caught it. He was evidently paid for his trouble.

Did you ever know a warmer day in January than was "Tuesday of last week the 23rd, Mr. Editor? It was July rather than January, but we will catch it yet.

Chamberlain's Cough Remedy Absolutely Harmless.

The fault of giving children medicine containing injurious substances is sometimes more disastrous than the disease from which they are suffering Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colds the croup is unsurpassed.

The honeymoon may very properly be said to be over when the wife suggests to her husband that he'd better have his trousers pressed by a tailor.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other The fact is that few people are aware of what a cold may lead to if neglected and that any other after having once used this remedy.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Hubard, Pennsylania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application o Pain Balm keeps away the pain that she was formerly troubled with."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty cent and one-dollar sizes. You may have a sample bottle by mail free. also pamphlet telling you how to find out if you have kidney or bladder trouble Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Buckingham.

Mrs. Anzy Hall died at her home Perry Hill on Sunday January 28, and was buried Tuesday the 30th at "Variety Shade," the home of her childhood. Mrs. Hall was the only daughter of the late Col. Thos. M. Bondurant, and was the mother of Messrs. A. S., T. B. and Wm. P. Hall, all of whom survive her. Mrs. Hall had been almost totally blind for a number of years and was tenderly cared for by loving hands of children and grandchildren. She was a faithful member of Mayesville Presbyterian church, and attended services there regularly when the weather was good. Mr. Wm. P. Hall, the youngest son was travelling in N. C. and could not be reached by a telegraphic message in time to attend the burial.

The change in time for holding the public school examinations as well as the new subject added will make some teachers hustle to be ready. Misses Mabel and Ruth Swoope are pleasantly situated in a school together in South Carolina

Mr. Willie Fitzgerald, of White Hall, has enlisted in the U. S. Navy for four years and has had three promotions and is now carpenter's mate on the U. S. Flag Ship, Ohio. He has visited nearly every nation and when last heard from was at Shanghai, China. The pay in this branch of the National service is good and we hope Mr. Fitzgerald may continue to be promoted in the service of Uncle Sam.

Mr. J. W. Word, Internal Revenue officer for this district has nine counties to travel over and has to look after the Whiskey License, the sale of oleomargerine and tobacco and has to visit many remote country stores where cigars and tobacco are sold.

The manufacturers of Oleomargerine have to report to the U. S. Government the amount sold and by whom purchased and the collector called on a man who was buying as much as 60 pounds at a time and would ask if he had a license he replied no, he did not need any license as he only used it for his family.

Immense quantities of slate are being mined in Arvon and new quarries are constantly opened at and operated by independent companies.

The Slate industry at one time was controlled by the Welch people, but now Lynchburg and Richmond Capitalists, as well as local operators, are in the business and Hunt's Creek in the lower end of Marshall district is a busy scene, where thousands of dollars are paid out regularly for labor.

There is a fine opening at Arvon for a well-managed hotel or boarding house, as travellers can with difficulty get a meal or find a night's lodging. The houses there are scattered over an area of several square miles and are built in little or no regularity, as to space, so that the place, although having a large number of inhabitants does not make much of a show and a part of the place has been designated as "Stump Town."

Diana Mills.

The bridge at this place is nearing completion under the skilled management of McGrew, Co. It will fill a long felt want of th's community.

Mrs. Lucy Norvell, wife of W. H. Norvell, near this place died on the 30th, and was laid to rest in the family cemetery, surrounded by a goodly number of friends and relatives. All of her children were around her bedside, as she had been ill four weeks. She was perfectly resigned to the Lord's will. The burial services were conducted by her pastor, Mr. Province, of this circuit. She was a kind friend and neighbor and will be greatly missed. We extend our heartfelt sympathy to the bereaved family. She was 69 years of age and leaves a husband, four children, ten grandchildren, and one great-grandchild to mourn their loss.

Sheppards.

Our people are not very much interested in the dispensary, which it is proposed to establish at Buckingham for we, who live "away down in Fool's Corner" are much nearer to Farmville where the dispensary does the largest cash business of any house in town." We have failed to see how the cause of temperance has been promoted by the dispensary but on the other hand we cannot but observe the great improvements in the streets of Farmville, made by the profits on liquor. The Farmville Herald last week published a statement of the accounts of the dispensary, showing profits for 1905 of $16,000 of which the town received $10.000 the district $4,000 and the State $2,000. I am afraid, however that the people of Buckingham will pay dearly for their grandiithe pavements and electric lights if they are purchased with dispensary profits.

There is quite a lot of sickness in our neighborhood at present and we are a long way from any physician. Mr. Jno. O. Collins has been confined to his bed for some weeks, and Messrs. George Carter and Ira Forbes are both sick.

Misses Ira Forbes and Clint Jones have improved the Farmville road very much by cross-laying one of the very worst places near Concord church, but there are miles of other road which need crosslaying just as much, but the money is limited.

Most all our tobacco raisers have joined the A. S. of E., or rather that branch of it called the Association of Dark Tobacco Growers.

The storage warehouse seems to answer a good purpose, as any farmer who is not satisfied with the price offered on the warehouse floor can place his tobacco in storage and hold until the buyer wants it. Too many of our tobacco-raisers, have rushed their crops into market at once, and in very high order, hence the price is considerably lower than it was a month or so ago. It is thought that over half the crop in our vicinity has been sold.

Uniform Examination of Teachers for 1906

For the public school teachers of Buckingham County, whose certificates have expired or will expire July 31st, the Uniform Examination will be held, at the Court House, on the 1st, 2nd and 3rd days of March 1906. The white and colored teachers will have the same examination and on the same time and place, but in separate rooms or buildings. No excuse will be considered valid except accompanied by a written statement from a physician that the applicant was too ill to attend the examination.

To obtain a first grade certificate the following studies have been added to the usual ones: Elementary algebra, punctuation, business forms of arithmetic, drawing, one branch of science, either physical geography, elementary physics, or elementary agriculture, and one division of history, either general or English. Respectfully,

INTERESTING STORIES ABOUT HOME FOLKS.

Our Correspondents Relate the News of the County.

Hebron.

Quite a number of weeks have again passed since you have had anything from this point.

Since Xmas. there has been so little of interest in the community that it seemed useless to attempt to get up a letter.

Though the weather has been unusually fine, there has been but little visiting or amusement.

The men repaired to the barns to work on their favorite weed and the ladies as usual in this month have been making quilts and doing such sewing as they find but little time for during the summer months.

One of our young lady housekeepers who is the stay and comfort of her aged parents has decided that if she ever marries it will have to be in January for she would never find time in any other month. A queer idea, as past experience proves that time will always be taken or stolen from other duties for that important event.

How fortunate for us that we can have so much good literature brought to our doors to add to our pleasure and improvement during the long nights—an advantage which is not appreciated and utilized as it should be. If parents and children would gather around the fireside and make each family a literary society it would brighten our homes.

We regret very much that your town is still drawing on our best citizen. I suppose you think, as many others do, that the best material is to be found here. Mr. J. C. Shearer has recently left. We understand he is to be the editor of the Virginian.

We are glad to know our Hon. J. R. Horsley is getting on so well in his new position. Of course we expected it of him.

Mrs. F. D. Hurley is suffering more than from an attack of rheumatism. We hope she may soon recover.

Miss Lou Stratton who has been so ill, has nearly recovered.

Mrs. T. C. Stratton of Richmond who has been visiting relatives in this neighborhood left Thursday for her home. We always welcome her in our midst.

Mr. Jas. B Taylor's little daughter, Annie Clare, has been sick for some time.

Our Dr. Whitehead made a flying trip to New York. Some think there is a special attraction there for him. He is quite an addition to the community, and has added much to the music by his fine voice.

What has become of your Spout Spring correspondent? We expected her to give a glowing account of a dining given to the Hebron Woman's Missionary Society by Mrs. Eugene Chick, but not a word from her. Mrs. T. J. Stratton entertained the Society very handsomely last week. Many plans were made for the year's work and a good sum raised.

Pastor Davidson attended the pastor's Conference at Appomattox. He reported a very bad trip through the mud. How much the bad roads do mar our country pleasures, but we must not murmur too much or there might be another pull at our pocket books. "Wait and murmur not" is often a good motto for us.

Southside.

We heard some one remark, "The TIMES is unique in one respect its co respondents seem to have forgotten that time-worn subject, the weather." Now it shall not be said that our good paper is amiss in comment on any current subject—so here goes for the weather. Well we do not think that even the oldest inhabitant can recall warmer weather for January. Part of the time it has been warm enough to dispense with fires. The skies have been so blue and the air as soft and balmy as April; the birds were chirping in the trees and several nights the frogs seemed to be holding a regular jubilee concert.

The farmers are taking advantage of the lovely weather. We saw five two-horse plows running last week. Everyone has been stripping and marketing tobacco and are much encouraged by the good prices.

Masters Dave and Paul Plunkett carried their crop to Pamplins and were highly elated at the price, $40 received Master Paul insisted that they should commence burning their plant land for another crop that night. Master William Wingfield received $20 for his crop and deposited the whole amount in bank. Well done for these young farmers, and may success crown their efforts through life.

Master Pierce Oder has been quite sick.

Mr. and Mrs. Joe Mayberry lost their infant child recently. Her death was sudden and a great shock to her f mily.

There was a pleasant gathering at Mr. S. P. Coleman's Wednesday night. Miss Emma is a very sweet and charming little hostess and the young folks pronouced it the most enjoyable "scramble" of the season.

Miss Etta Fore entertained a few of her friends Thursday night. Miss Alma McDearmon of Evergreen was one of the number.

Mr. J. T. Cole is in Pittsylvania this week

We are glad to note that Mr. J. R Caldwell, who has been sick, is better.

"Aunt" Nannie Peachman, a worthy colored woman, who has been sick so long is no better.

Rev. George Chocklett preached a fine sermon at Forest 4th Sunday. There was a large congregation.

Rocks.

The weather has been so beautiful that a great many farmers have begun work preparatory to another crop.

Much of the tobacco has been taken to Pamplins and we hear much in praise of our home market.

Rev W. E. Warren preached his farewell sermon at Rocks the 3rd Sunday. There was a large and attentive congregation. Much regret is expressed at his resignation of this church and the best wishes of a host of friends will go with him to his new field of labor.

Opr kind and genial Superintendent, J. K. Hannah visited the school here last week. The school is doing well, considering the weather. Our teacher, Miss Sadie Coleman, visited her aunt, Mrs. J. T. Cawthorn last Saturday.

Mrs. Murrell, who has been quite sick is better.

Mrs. Henry Pittman is still confined to her room.

Miss Lucy Gills, who has been suffering with a sprain, is better.

Mr. Phil Paulette is the proud possessor of a pair of splendid horses purchased from Mr. Payne.

The saw mill on Mr. W. J. Paulette's place seems to be doing a good business.

We are listening for the wedding bells as Dame Rumor has it they will be ringing here ere long.

Little Frances McDearmon has been suffering with her hand. She stuck a fork in it.

We are glad to note that Mrs. K. C. Glover is much better.

Congratulations are in order for Mr. and Mrs. Jack Ranson—and a welcome to Evergreen for little "Edna Louise."

Mr. and Mrs. E. H. Cawthorn entertained quite a number of their friends at their beautiful home on Saturday night. Lively talk and quiet games were the chief amusements of the evening.

Pamplin City.

Mrs. Peter Winston Fore died this morning, February 5th aged about 80 years. She and her husband, who is nearly 90 years old, have been living recently at the home of Mr. A. S. Swan, near Hixburg.

Rev. W. E. Warren has removed his family to Danville with the view of accepting a call near the border line of North Carolina. Dr. F. H. Lukin has rented the house and lot which he vacated.

Quite a diminutive young lady made her appearance at the home of Mr. and Mrs. Boyd Ford this morning and will probably remain some time yet.

The 20th Century Reading Club met at the home of Mr. Leslie Ligon last Friday night. The program was entertaining and instructive and much enjoyed by the members.

No ice has been put up yet by any one in town.

Many weather forecasts were made last week, while awaiting the action of "His Hogship" on the 2nd inst. Many predicted fair weather and an early spring. Along to mistaken as the ground hog returned to winter quarters for six weeks.

Business continues good. Tobacco sales for the week very good. Logs and medium shorts bringing good prices though shipping tobacco are weaker.

The officers of the State Bank of Pamplin are much pleased with the success of their institution and the people of this section greatly appreciate the convenience and benefit derived from it. The Bank opened with $5,0000 on deposit subject to check. In less than two months the deposits have increased to over $18,000. These figures not only show that there is plenty of money around Pamplin, but also the confidence in which the officers of the Bank are held. The Capital Stock is $15,000, all of which was subscribed before commencement of business. Offers above par are being refused by share holders. Mr. W. P. Venable, the President is a banker of experience and reputation and his direction of affairs is an additional assurance of a prosperous future.

Mrs. Mary Dillon is visiting her parents, Dr. and Mrs. C. S. Morton.

Miss Elsie Morton spent several days in the Hill City recently making arrangements to attend school there after February 12th.

Chamberlain's Cough Remedy the Mother's Favorite.

The soothing and healing properties of this remedy, its pleasant taste, and prompt and permanent cures have made it a favorite of people everywhere. It is especially prized by mothers of small children, for colds, croup, and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,
